

Vaal Streams, Plot 32, Veekraal, Deneysville

DIRECTIONS AND MAPS

As per the map, follow the R59 from Johannesburg/Alberton, go past Vereeniging towards Sasolburg, go over the Vaal River and take the first off ramp immediately after the Vaal River Bridge.

As you come off the highway turn left at the Tee-junction.

About 3-4km further turn right at the next Tee-junction (Diagonally opposite Country Butchery) and cross over the railway bridge.

Immediately over the railway bridge turn left into the R716 road going towards Deneysville.

Pass the Lethabo Power Station on the left, pass Willow Creek signs on the left a few km further. **(Do not turn into the Willow Creek road – keep going on the main R716 road towards Deneysville!)**

Continue on R716 towards Deneysville and pass **Groenpunt Correctional Services** on the left.

From Groenpunt continue for another exactly 5 km towards Deneysville on the R716 to the first main gravel road turnoff on left. (At the clump of Blue Gum trees with **Veekraal** signboard on left)

On the gravel road, keep going for about 1,2km, (go past the first road on the left-hand side) and at the first Tee-junction turn left. The road winds down to the river. Keep going all the way down for about another 1km to the next Tee-junction and turn right (at sign Plot 5).

Continue along the gravel road and keep following all the plot numbers numerically on the left side (ignore numbers on the right side!) for another +-2km until you get to *Vaal Streams*, Plot number 32 – a high walled pillar and pole entrance with green palisade fence and electric sliding gate.

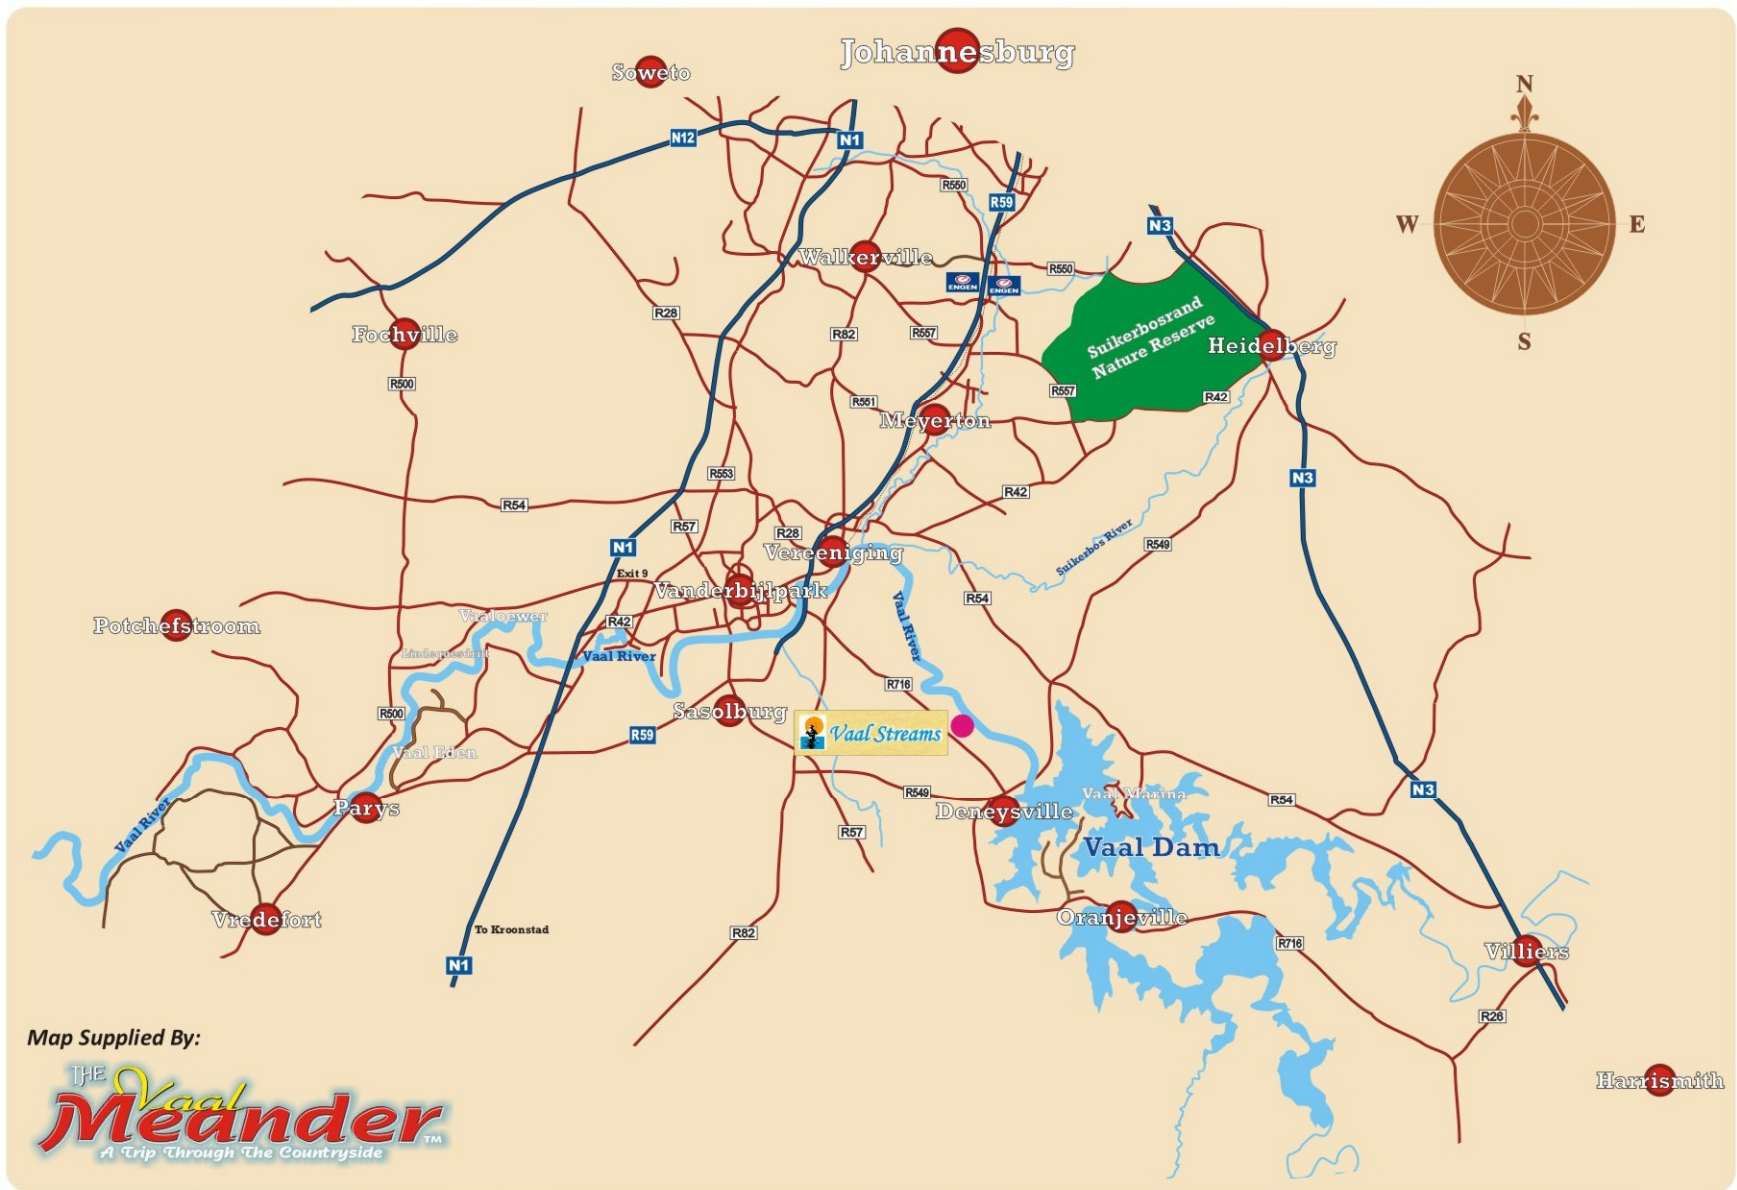

Go through this gate, continue down the road, you'll see the first *Vaal Streams* buildings and lapa on the right, proceed past these buildings and lapa and go through the 2nd high walled pillar and pole entrance with electric sliding gate. (Hoot if closed) Park anywhere on the lawn – and all guests to please proceed directly to Reception, which is the 1st building on the right with large veranda where guests and visitors check in.

Call 071 948 8814 for further directions if necessary
